P2 Acromag (from Acromag data sheet)	1	2		31	32	65	66			95	96
P2 VITA 35 (from standard)	1C	2C		31C	32C	1A	2A			31A	32A
P2 Pentek 7142 (from Pentek Operating Manual)	C1	C2		C31	32C	A1	A2			A31	A32

Acromag, the VITA 35 specification and Pentek all have different naming conventions for the P2 pins, but the interconnects on the Acromag carrier card match the Pentek 7142 (and its carrier), and they comply with the VITA 35 standard.
